[AB_GeoEng_Amend 2.doc](#)
[AB_GeoEng_Amend 2_COUNCIL SUMMARY.doc](#)
[ASSESSMENT GRANT WORK PLAN.doc](#)

Laura,

Attached is an Agenda Bill requesting additional "Compensation" to complete the above Environmental Site Assessment with GeoEngineers. The increase in compensation is \$46,100 to the not-to-exceed amount of \$181,500. The increase in compensation shall allow completion of the EPA Grant and the EPA approved Work Plan, Tasks 2 & 3. See attached Work Plan Budget.

The Legal Division has completed their review of the Agenda Bill while I request your review and approval in regard to the language presented in the "Fiscal Impacts" section, i.e. "The 2007 carryover budget for Fund 308 "General Government Improvement" supports this amendment." I think I only need to change 2007 to "2008" to be correct?

Thank you in advance for your review and response.
